

Product Certificate

Jørgen Kruuse A/S hereby declare the following details regarding the mentioned product.

Catalogue Number and Product name

142030 BOVIVET Ruminal Magnet

142035 BOVIMINI Ruminal Magnet

Product type

BOVIVET and BOVIMINI ruminal magnets are recommended by veterinary doctors world-wide due to their magnificent composition.

The magnets have the correct size, shape, and weight to offer maximum protection and cure against traumatic indigestion in cattle. The right length and deep grooves in the plastic cage provide extra protection from sharp uneven pieces.

For veterinary use only

Materials

Magnet-Ferrite (Fe_2O_3 , SrO , Al_2O_3 , SiO_2 , CaO)

Plastic house- Food grade ABS
