

Universal acid cleaner

Product Description

Eco Cid is a universal non foaming acid cleaner for CIP applications, milking systems and bulk tanks.

Properties

Eco Cid has a high descaling power thanks to the mixture of acids.
Eco Cid contains tensio-active ingredients that lower the surface tension of the water and improves descaling.
Eco Cid contains wetting agents that increase the penetration of the surface to be cleaned (mineral deposit).

Direction of use

Rinse the equipment with clear water.
Use Eco Cid at 0,5% and circulate the solution for 8 to 15 minutes at 5°C to 70°C.
Rinse for 3 to 5 minutes with clear potable water.

Specifications

Physical state	Liquid
Colour	Colourless
pH	ca 2 (1%)
Density	ca 1.22 kg/l
Solubility in water	100 %

Storage and Disposal

Keep only in the original container in a cool, well-ventilated place. Keep container closed when not in use.
Do not store in corrodable metal.
Dispose in a safe manner in accordance with local/national regulations.

Safety instructions for the user

Keep out of reach of children.
Care should be taken to reduce the possibility of eye contact.
In case of eye contact, flush the eyes with copious amount of water and seek medical advice.
In case of inhalation, assure fresh air breathing. Allow the victim to rest. Seek medical attention immediately.
In case of skin contact, remove affected clothing and shoes and wash all exposed skin area with mild soap and water, followed by warm water rinse. Seek medical advice.
In case of ingestion, rinse mouth. Do NOT induce vomiting because of corrosive effects. Take to hospital.

Please check the MSDS.
